**United Barcode Systems**  
Labeling, Coding & Marking

*Real-time automatic printing and application of labels provides greater speed and accuracy, reducing operating costs in the production chain.*

# Print & Apply

**Secondary  
& Tertiary  
Packaging**

# PRINT & APPLY SECONDARY PACKAGING

Thanks to the multiple applications options provided, we can apply dynamic, static, and high-cadence labeling in a variety of configurations (front, side, back, top, corner, and even double adjacent labeling)..

## APL 35s

Are you looking for a labeling system that comply with GS1 international codification and traceability standards?

### APL 35s Series

#### Labeling features

- ✓ Max. label width: 170mm
- ✓ External reel diameter (max.) 300mm (350mm optional)
- ✓ Pneumatic or electric applicator

## APL 35si

Do you need to add some advanced functionalities to APL35s?

### APL 35si Series

#### Labeling equipment with premium features

- ✓ Color touch screen 4,3"
- ✓ Ethernet connection
- ✓ Multisignal Integrator connector
- ✓ Siemens or Allen Bradley PLC

### APPLICATION ZONE

\*The speed labeling could be variable depending on the speed of the production line and the application type.

# PRINT & APPLY TERTIARY PACKAGING

The versatility of our equipments allows us to label any palletized unit load on 1, 2, or 3 sides, regardless of the pallet type: Euro-pallets, universal pallets, half pallets, stacked pallets, height-adjustable pallets..

## APL 3800

Are you interested in a compact machine for medium and high volume plants which labels up to 2 sides per pallet?

### UBS Solution: APL 3800

#### Labeling speed

- ✓ 1 label: 10 pallets/min\*\*
- ✓ 2 labels: 3 pallets/min\*\*

## APL 8000

Do you need an equipment which print and applies labels on 1, 2 or 3 sides?

### UBS Solution: APL 8000

#### Labeling speed

- ✓ 1 label: 10 pallets/min\*\*
- ✓ 2 labels: 3 pallets/min\*\*
- ✓ 3 labels: 2 pallets/min\*\*

## APL 8000 ELV

All you really need is a special solution for labeling stacked pallets or pallets with variable heights, up to 3 sides per pallet?

### UBS Solution: APL 8000 ELV

#### Pallet type admitted

- ✓ Double stacked pallets
- ✓ Half Double stacked pallets
- ✓ Pallets with variable heights

\*\*The quantity of labeling pallets could be variable depending on the speed of the production line and the application type.
